## Revolutionary HP IP-65 Rated Thermal Rated Inkjet Self-Wiping Printhead

**Princeton, New Jersey, August 13, 2019** – Code Tech, a ProMach brand, announces the new HP IP65-rated thermal inkjet printer to its line of innovative washdown print solutions. The new one-inch printhead has a patent-pending, self-wiping and self-capping internal shutter. This new concept eliminates the need for manual print cartridge service routines, even after days of non-use.

The new printer uses HP solvent-based ink for printing on all films, overwrap and other non-porous substrates. It is IP65 washdown rated and can be retrofitted on all wrappers, baggers and other form, fill and seal equipment.

The new system will be demonstrated at Pack Expo Las Vegas in booth C-3225.

### About Code Tech

Code Tech specializes in providing printing solutions utilizing disposable HP inkjet cartridges. Code Tech brings over 20 years of industry experience focusing on providing clients innovative marking and coding solutions. Code Tech also has all-natural edible inks for direct printing on food products.

As part of the ProMach Labeling & Coding business line, Code Tech helps our packaging customers protect and grow the reputation and trust of their consumers. ProMach is performance, and the proof is in every package. Learn more about ID Technology at [www.CodeTechCorp.com](http://www.CodeTechCorp.com).

### About ProMach
